

英文業績

1. K. Yamada, et al: Treatment of Oil-filled Anterior Chamber After Microincision Vitrectomy for Recurrent Retinal Detachment.
J Med Soc Toho 58(3): 198-202,2011.
2. K. Yamada, et al: Hybrid Microincision Vitrectomy Surgery Combined with 20-Gauge Silicone Cannulas for Use with 20-Gauge Horizontal Scissors in Diabetic Tractional Retinal Detachment.
Clinical Ophthalmology 7:1559-1563,2013.
3. K. Yamada, et al: The Change of Tight Junction-Related Protein Expression in Human Telomerase Reverse Transcriptase (hTERT) Immortalized Corneal and Conjunctival Epithelial Cells by Viral Double-Strand RNA Stimulation.
ARVO 2014 annual Meeting, USA, May, 2014
4. K. Yamada, et al: Toll-like Receptor Subtype TLRs Expression in Human Conjunctival Disorders.
Br J Ophthalmol 2014, 98: 1116-1119.
5. K. Yamada, et al: Investigation of Clinical Characteristics and Surgical Treatments for Conjunctival Epithelial Inclusion Cyst.
J Jpn Ophthalmol Soc. 118:652-657,2014.
6. K. Yamada, et al: Mesenchymal- epithelial cell interactions and proteoglycan matrix composition in the presumptive stem cell niche of the rabbit corneal limbus.
Molecular Vision 2015; 21:1328-1339
7. Effect of 3-Hour Normobaric Hy. peroxia on Diabetic Macular Edema.
Invest. Ophthalmol. Vis. Sci.. 2019;60(9):2635.doi:
8. Nocturnal Normobaric Hy. Peroxia in patients with Diabetic Macular Edema : A case Series.
Invest. Ophthalmol. Vis. Sci.. 2019;60(9):2648.doi:
9. The effect of hy. peroxia and hy. percapnia on retinal vascular blood flow in healthy adult.
Invest. Ophthalmol. Vis. Sci.. 2019;60(9):5742.doi:
10. Human laser speckle retinal blood flow changes associate with exposure to varying concentrations of O₂ and CO₂.
Invest. Ophthalmol. Vis. Sci.. 2020;61(7):1749.doi:
11. Combined pars plana vitrectomy (PPV)/posterior endoscopic cyclophotocoagulation (ECP) versus combined phacoemulsification with intraocular lens placement (CEIOL)/anterior ECP in patients with glaucomatous comorbidities.
Invest. Ophthalmol. Vis. Sci.. 2020;61(7):4372.doi:

12. Retinal Vascular Blood Flow in Human Subjects with Central or Branch Retinal Vein Occlusions.
Invest. Ophthalmol. Vis. Sci.. 2020;61(7):5327.doi:
13. Expression of prostaglandin E2 receptor 3 in the eyelid epidermis of patients with Stevens-Johnson syndrome /toxic epidermal necrolysis.
Br J Ophthalmol 104 : 1022-1027,2020.
14. Recalcitrant Macular Hole Closure by Autologous Retinal Transplant Using the Peripheral Retina
Clinical Ophthalmology 2020;14 2301-2306.
15. Autologous Retinal Transplantation for primary and refractory Macular Holes and Macular Holes Retinal detachments The Global Consortium.
Ophthalmology
2021;128:672-685
